VOL. XLV, 1952

Note.—In this volume two series of numbers are used for pagination, one being the sectional page number and the other the volume page number. The latter only is used in the Index.

abductor paralysis, bilateral (De G. Woodman), 821
Abercrombie, G. F., an occasional obstetrician (*Disc.*), 17
absence from school, causes (*Discussion*), 895
acanthosis nigricans (B. Schwartz), 466
(O. L. S. Scott), 465
acetylcholine in treatment of anxiety states (J. Lopez Ibor), 511
acid-fast bacilli cultivation and diagnostic procedures (*Discussion*) 475
acoustic system, toxic effects of streptomycin and dihydrostreptomycin (*Discussion*), 777
acrodynia (R. A. Broderick), 208
A.C.T.H., see adrenocorticotrophic hormone
adamantinoma, treatment (*Symposium*), 701
surgical and radiological (G. T. Hankey), 708
Adams, A. Wilfrid, total cystectomy bearing an encrusted nodular carcinoma: this showed as a dark shadow in the skiagram; the carcinoma was a cause of intermittent retention (*By title*), 485
unilateral renal hypertension (*Disc.*), see Mitchell, J. P.
Addison's disease, renal function in (*Discussion*), 63
adenoma, apparently benign, histologically carcinomatous (H. E. Lockhart-Mummery), 695
adrenocorticotrophic hormone, diabetes following treatment of rheumatoid arthritis by (P. M. F. Bishop and J. H. Glyn), 168
future use of in general practice (*Discussion*), 377
miliary tuberculosis following treatment of lupus erythematosus by (B. Walker), 167
tuberculosis following treatment of lupus erythematosus by (F. T. G. Prunty), 171
adrenogenital syndrome due to adrenal cortical carcinoma, recurrence (A. W. Spence), 171
with insufficiency of electrolyte-regulating function (S. A. Doxiadis), 587
African medicine, native (D. Guthrie), 91
Agassiz, C. D., poliomyelitis: nursing and rehabilitation of cases, 881
agricultural poisons (*Discussion*), 567
Albright's syndrome (J. G. Millichap), 217
alcohol injections in treatment of pruritus ani (J. H. L. Ferguson), 391
Allott, E. N., the possible future use of cortisone and ACTH in general practice (*Disc.*), 379
Alvarez, H., and Caldeyro-Barcia, R., uterine contractility in the third stage of labour, 540
alveolar osteitis, significance in rhinology (H. G. B. Russell and L. Wright), 830
amœbiasis, aureomycin in (J. H. Killough), 109
anæsthesia in neurosurgery, practical aspects (A. J. H. Hewer), 431
theoretical basis (A. R. Hunter), 427
in thoracic surgery, present position of (E. J. Millar), 51
physiological trespass in (J. Gillies), 1
anæsthetic drugs, distribution and fate (C. A. Keele), 245
analgesia, caudal, clinical applications (A. H. Galley), 748
obstetric, in domiciliary practice (G. M. Kerr), 23
anastomosis, uretero-intestinal (A. Jacobs), 33
anatomy, surgical, in Homer (A. R. Thompson), 765
Anderson, D. J., laboratory investigations on the relation of fluorine to dental caries on Tyneside and district (*Disc.*), 525
Anderson, I., congenital ovarian aplasia, with minimal evidence of Ullrich-Turner syndrome, see Russell, A., and Swyer, G. I. M.
Anderson, J. C., the treatment of carcinoma of the bladder (*Disc.*), 205
Andrews, M. C., child management (*Disc.*), 659
aneurysm of vein in cheek (D. E. B. Cooke), 215
aneurysms, intracranial saccular (G. Norlén), 291
angioma serpiginosum, two cases (L. A. M. B. Musso), 714
angiomatosis, encephalo-trigeminal, treatment (P. E. Polani), 860
Annamunthodo, H., carcinoma of the rectum and colon in a patient with chronic colitis (*By title*), 396
Anning, S. T., sclerosing lipogranuloma, 101

Annis, David, replacement of the ureter by small intestine: an experimental study, 483
antrum, maxillary, infections (F. C. W. Capps), 153
anuria, pathogenesis (G. J. Sophian), 853
treatment (*Discussion*), 844
anus, pruritus, treatment with alcohol injections (J. H. L. Ferguson), 391
anxiety states, treatment by acetylcholine (J. Lopez Ibor), 511
Appleton, Norman, mixed salivary tumours of the upper respiratory tract (*Disc.*), 827
Arabic philosopher-physicians and Christian doctors of medicine (H. P. Bayon), 310
Archer, G. E., bilateral abductor paralysis: arytenoidectomy for bilateral abductor paralysis — extralaryngeal approach (*Disc.*), 834
suppurative labyrinthitis (*Pres. address*), 121
Armstrong, Phyllis A. (with G. N. Jenkins and F. L. Speirs), laboratory investigations on the relation of fluorine to dental caries on Tyneside and district, 517
army health (M. M. Lewis), 472
artane in treatment of dystonia musculorum deformans (B. D. Corner), 451
arterial disease, obliterative, of legs (L. McDonald and R. Semple), 497
arteries, peripheral, radiography of (J. Wilkie), 143
arteritis, cranial (K. M. Robertson), 500
artery, popliteal, restoration by frozen arterial homograft (H. H. G. Eastcott), 152
arthritic joint, place of radiotherapy in treatment of (*Discussion*), 543
arthritis, rheumatoid, diabetes caused by ACTH treatment of (P. M. F. Bishop and J. H. Glyn), 168
arytenoidectomy for bilateral abductor paralysis (De G. Woodman), 821
Ascroft, P. B., the treatment of large herniæ (*Disc.*), 189
Ashcroft, Gordon, the significance of alveolar osteitis in rhinology (*Disc.*) 834
asphyxia and the electrolytic balance (R. J. S. McDowall), 747
Aterman, K., the management of endocrine exophthalmos (*Disc.*), 241
audiometry, pure-tone, masking in (P. Denes and R. F. Naunton), 790
audition, bone conduction, and use of bone conduction aids (T. S. Littler, J. J. Knight and P. H. Strange), 783
aureomycin in tropical diseases (J. H. Killough), 109
Aylett, Stanley O., anus, rectum and lower colon from a patient suffering from non-specific ulceration of these regions (*By title*), 389
ileo-anorectal anastomosis for multiple polyposis of colon and rectum, 394

baby, new-born, care of (*Discussion*), 97
bacilli, acid-fast, cultivation and diagnostic procedures (*Discussion*), 475
back, clinical applications of functional anatomy of lower back (W. F. Floyd, J. S. R. Golding and P. H. S. Silver), 894
Badenoch, A. W., see also Green, J. A. S.
the chronically dilated ureter (*Disc.*), 843
the treatment of anuria (*Disc.*), 856
unilateral renal hypertension (*Disc.*), 739
Bain, W. E. S. (for H. Ridley), two cases of cataract extraction with plastic lens implant, 29
Baker, S. L., causes of difficulty in the histological diagnosis of bone tumours with some illustrative cases, 267
baking of bread, agents used in (*Symposium*), 677
Band, David, unilateral renal hypertension (*Disc.*), 739
Barcia, R. Caldeyro-, see Caldeyro-Barcia, R.
Barnes, Josephine, endometriosis of pleura and ovaries (*By title*), 528
tetanus following colpoperineorrhaphy (*By title*), 528
